

GB

FIRST USE / SET SECRET CODE:

1

Set the dials to the starting combination (initial combination 0-0-0-0) making sure that the numbers are correctly aligned.

2

Open the box

3

Inside, push the RESET button from position A to position B.

4

Then turn the numbers on the dial to the desired combination of your choice.

5

Return the RESET button to position A. The new combination is now set.

Close the box

HOW TO USE:

1

Set the dials to your combination.

2

Open the box

3

After closing the box, move the dials to change the combination.

Close the box

WALL INSTALLATION:

1

Open the box: at the bottom there are 4 holes.

2

Hold the box to the wall and mark the positions of the holes with a pencil.

3

Use a drill to make the holes in the wall.

4

Place the dowels in the holes. CAUTION: choose dowels suitable for the installation surface.

5

Attach the box to the wall using the screws

IMPORTANT NOTES:

Keep the protective cover closed to protect against water.

It is recommended to turn the digit rollers every week to ensure proper operation

PRIMO UTILIZZO / IMPOSTARE IL CODICE SEGRETO:

1

Comporre la combinazione sui quadranti (combinazione iniziale 0-0-0-0) prestando attenzione che le cifre siano correttamente allineate.

2

Aprire la cassetta.

3

All'interno, premere sul tasto RESET dalla posizione A alla posizione B.

4

Girare le cifre sulla combinazione desiderata.

5

Rimettere il pulsante RESET sulla posizione A. La nuova combinazione è attiva.

Chiudere la cassetta.

COME SI USA:

1

Comporre la combinazione sui quadranti.

2

Aprire la cassetta.

3

Dopo aver chiuso la cassetta, muovere i quadranti per modificare la combinazione.

Chiudere la cassetta.

INSTALLAZIONE A MURO:

1

Aprire la cassetta: sul fondo si trovano 4 fori.

2

Tenere la cassetta sul uro e segnare la posizione dei fori con una matita.

3

Usare un trapano per fare i fori nel muro.

4

Posizionare i tasselli nei fori.

5

Fissare la cassetta sul muro usando le viti fornite.

NOTE IMPORTANTI:

Tenere il coperchio di protezione chiuso per proteggere dall'acqua.

Si raccomanda di far girare le rotelle delle cifre ogni settimana per garantire il buon funzionamento.
