DESCRIPTION

Our outdoor safe can be securely mounted on a wall, railing, or post using the convenient and durable removable hook. It features a sturdy 4-digit combination lock that allows anyone you give the code to access your keys. The key safe allows you to safely store multiple keys (house, car, mailbox, B&B, etc.). Internal dimensions: 63x94x41mm. External dimensions: 89x 182x44mm. This wall-mounted key safe is made of steel alloy: it is highly resistant to impacts and attempted opening (hammers, saws, prying, etc.), as well as weatherproof. Ideal for storing a spare key for your home or car. It's also convenient for storing an emergency key for your B&B, cleaning lady, etc. Waterproof and Weatherproof: The surface of the safe is waterproof, corrosion-resistant and weatherproof. Easy to install: The safe comes with clear instructions and a complete assembly kit. 4-digit combination reset: You can reset and change your password whenever you want, but don't lock the safe door until you've tested the combination!
