DESCRIPTION

Simple: hang it wherever you want using the cord; pull once: the well-diffused light turns on; pull a second time: it turns off. Extremely practical: this is a practical and functional battery-powered light bulb; it runs on 3 AAA batteries (not included), allowing you to bring light to places where you don't have access to electrical outlets or light points. 40 hours of battery life (continuous use). Safe: the bulb does not heat up, it remains cool and the LED light immediately provides a pleasant, uniform, diffused and yet strong illumination (50 lumens). Sturdy: Made of very sturdy material, which makes the bulb resistant to impacts; cord: 105 cm visible. Velamp has been an Italian company that takes care of its products since 1906: beware of imitations.
