

PACKING	INNER	MASTER
/	pcs	pcs
Colour Box	4	4

TECHNICAL DATA

Power supply	SOLAR
Power supply provided	YES
Type of power supply provided	SOLAR PANEL
Batteries provided	(INCLUDED)
Battery type	18650
Battery capacity (mAh)	1200
Stack technology	LITHIUM-ION
Battery/battery weight (kg)	0.048
Maximum autonomy (h)	1
Lighting source	COB LED
Lighting power (W)	10
Lumen	1600
Light beam	DIFFUSE
Beam angle (°)	120°
Detection angle (°)	120°
Detector operation time	25 SECONDS
Scope (m)	10
Material	PLASTIC - ABS
Cable length (meters)	3,7
Switch	YES
IP Protection	IP44
Light colour	6500K
Rated voltage (V)	3,7
Warranty	2 YEARS
Width (mm)	210
Depth (mm)	162
Height (mm)	127
Net weight (Kg)	0.906

DESCRIPTION

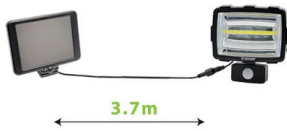

Extremely bright: thanks to the use of the latest generation COB LEDs, the spotlight reaches 1600 lumens. It is a perfect security light to illuminate a passage, an entrance ... Thanks to the motion detector, it will turn on and off automatically in case of movement. Energy saving: The solar lamp with motion detector is recharged by a solar panel under the sunlight and without electricity bill. The solar panel and the projector are connected by a 3.7m long cable. Easy installation: just fix the spotlight to the wall (adjustable support) and connect it to the solar panel using the waterproof connector. The installation is finished! Waterproof and Durable: With IPIP44 certification (water resistant, this sunlight is suitable for any atmospheric environment. Extremely robust polycarbonate body. The 1W solar panel is made of hyper resistant plastic. The included battery is also replaceable (Li-ion 1.2Ah 18650): you can therefore increase the autonomy with a battery with more capacity. The spotlight is supplied with a USB cable: you can therefore choose not to connect it to the solar panel but to a normal 5V 1A charger (of the type you use for your smartphone). It will always be operational, even indoors or in unlit areas. you can therefore choose not to connect it to the solar panel but to a normal 5V 1A charger (of the type you use for the smartphone). It will always be operational, even indoors or in unlit areas. you can therefore choose not to connect it to the solar panel but to a normal 5V 1A charger (of the type you use for your smartphone). LOGISTICS DATA

Packing type	Colour Box
Pack length (mm)	130
Pack width (mm)	224
Pack height (mm)	174
Inner length (cm)	27
Inner height (cm)	40
Quantity in inner	4
Gross weight inner (kg)	4.600
ITF INNER	18003910107417
Quantity in master	4
How many pieces on 80x120 pallet (pz)	168
INTRASTAT Code	94051140
DEEE	0.11
ECOLOGIC SCALES 2025	MLUMI030000
Country of origin	CHINA

SUPER LONG CONNECTION

Installation way:

1 With solar panel

CONNECTION CABLE: 3.7M (INCLUDED)

OUTDOOR USE

2 With USB charger (not included, 5V 1A max)

USB CHARGER (NOT INCLUDED) USB CABLE: 1M (INCLUDED)

INDOOR USE
