Colour Box	6	24

TECHNICAL DATA

Power supply	220V AC
Power supply provided	YES
Type of power supply provided	POWER CABLE
Lighting source	GU10 BULB
Lighting power (W)	Max 28
Light beam	FOCUS
Lamp included	(NOT INCLUDED)
Attachment	GU10
Power cord length (cm)	150
Cable section	H05RN-F3G1.0mm2
Cable length (meters)	1,5
Switch	NO
Plug	Type E / F - 2 pin (EU Hybrid)
IP Protection	IP65
Insulation class	I
Country of origin	CHINA
Material	ALUMINIUM
Warranty	2 YEARS
Width (mm)	100
Depth (mm)	100
Height (mm)	108
Net weight (Kg)	0.620

DESCRIPTION

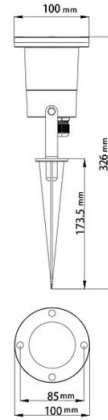

Versatile: The SNAIL spotlight is ideal for illuminating an outdoor area from the ground (a bush, tree, flowers, etc.). The spike is removable, so the spotlight can be mounted directly to the wall or any surface using its bracket. The adjustable stand lets you adjust the angle of your choice. Suitable for outdoor locations exposed to splashing water and fine dust. Its IP65 rating makes it completely waterproof and dustproof. This makes it perfect for planting in the ground to illuminate a garden, a flowerbed, a potted planter, or even a single tree. Corrosion-resistant, suitable for coastal areas. Die-cast aluminum body, lightweight and durable. It works with a GU10 bulb max 28W. You can therefore choose the bulb you like best: angle, light color, wattage... The bulb is easily replaceable. It can be halogen or LED. 1.5 meter cable with Schuko socket
