DESCRIPTION

⚡ **QUICK INSTALLATION FOR CONSTRUCTION SITES AND CONSTRUCTION WORK:** LED bulb with 12cm cable and quick-connect terminal block included, designed for quick and convenient connections on construction sites, renovations, garages, workshops and temporary work environments.

💡 **4000K NATURAL LIGHT 820 LUMEN:** Clear and comfortable lighting with 4000K natural light color temperature and 820 lumen light output, ideal for working with optimal visibility and without straining your eyes.

🔋 **ENERGY SAVING – 9W = 60W:** Consumes only 9W offering an output equivalent to a traditional 60W bulb, with 100% instant ignition and low energy consumption.

🔧 **PERFECT FOR PROFESSIONAL USE:** Practical solution for electricians, installers, craftsmen and construction site work: ready to use thanks to the system with cable and terminal block with quick connection already integrated.

🕒 **LONG-LASTING AND RELIABLE:** SMD LED bulb with a lifespan of up to 20,000 hours, CRI80, and a wide 200° beam angle to effectively illuminate workspaces and technical spaces. Robust thermoplastic body.
