DESCRIPTION

Two operating modes: With the convenient selector you can choose between 1) Always ON: in this case the light will always be on. 2) AUTO: the light will automatically turn on for 25 seconds as soon as you enter the room or open the closet door. Easy to install: You can attach it with wall plugs (not included), but the easiest way is to stick the self-adhesive metal strip provided to the desired surface: the lamp will attach to it with the built-in magnet! This way, you can easily attach and detach it for recharging! Very bright: it's a lamp in every sense of the word. It uses the latest-generation SMD LEDs and offers 100 lumens (1W) of brightness. The light is dimmable. You can choose between warm light (3000K), natural light (4000K), and cold light (6500K), so you no longer have to choose between comfort and functionality! The opalized diffuser provides glare-free light. Rechargeable: It charges via the provided USB cable. You can connect it to your phone charger, a PC, a power bank... It works for 4 hours in continuous mode (ON). 850mAh lithium polymer battery included. Installs anywhere: This lamp is ideal for the bedroom, bathroom, wardrobe, hallway, workshop, cellar, garage, stairwell and other places.... IP20 suitable for indoor use only.
