Color	ASSORTED COLOURS
Country of origin	CHINA
Material	EVA
Warranty	2 YEARS
Width (mm)	150
Depth (mm)	105
Height (mm)	230
Net weight (Kg)	0.044

DESCRIPTION

High-quality material: The TECNID heat shrink tubing kit is made of high-quality, thick, and durable EVA material, providing robust protection for your wires and cables. It is fire, water, and voltage resistant, making it a safe and reliable choice for your electrical projects. The material is also eco-friendly and non-toxic, ensuring it is safe for both you and the environment. Secure Fit: The heat shrink tubing has a 1/2 shrink ratio, allowing it to fit tightly and securely around any shaped wire. The tight fit ensures the tubing won't break or deform easily, providing long-lasting protection for your wires and cables. The variety of sizes ensures you can find the perfect fit for any wire or cable. Versatile Application: The TECNID heat shrink tubing kit can be used for a variety of electrical needs, including insulation, bundling, color coding, mechanical protection, and repairs. It effectively extends the life of your wires and cables, ensuring they remain protected and functional for years to come. Convenient Packaging: The kit includes 100 heat shrink tubings in 6 different colors and 6 different sizes, all packaged in a sturdy plastic box for easy transport and storage. The convenient packaging allows you to organize the tubing by size, making it easy to find the one you need. Easy to use: The heat shrink tubing features an easy-to-use design for quick and easy installation. Simply slide the tubing over the wire or cable and heat it with a heat gun or lighter to shrink it to the desired size. No special tools or expertise are required, making it suitable for both professionals and DIY enthusiasts.
