DESCRIPTION

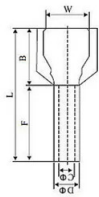

Kit consisting of 400 wire lugs in various sizes, ranging from 0.5mm² to 2.5mm². A perfect kit for electrical panels or simple DIY projects. It ensures a clean job, leaving no exposed wire. The connectors can help you quickly complete the wiring. Suitable for all types of switches, batteries, automobiles and household appliances, electronic components, etc. Professional Quality: The connectors are made of high quality copper and double-walled PVC heat shrink tubing with adhesive coating, using the tooth plating technology process which allows for better conduction. Ease of use: The cable lugs have been carefully designed to ensure maximum ease of crimping. Cables will not slip out of the connectors. This set of cable lugs provides a secure connection between two lines. Contents: The kit will arrive in a well-organized packaging with the relevant legend included. 400 cable lugs of various sizes. The pack contains the following: 50 pcs 0.5mm²; 100 pcs 0.75mm²; 100 pcs 1mm²; 100 pcs 1.5mm²; 50 pcs 2.5mm². Compatible with most pliers on the market.
