## DESCRIPTION

Super Effective: Our electric mosquito killer is designed with a high-intensity ultraviolet LED bulb that attracts all the annoying flying insects into the device; it kills them instantly when they come into contact with the powerful high-voltage metal grids; effective for an area up to 12 square meters; making it perfect for a nursery or bedroom No chemicals or odors; our electric mosquito net does not use any chemicals; it also does not produce any smoke, odor, or spray; it is completely free of toxic substances and/or any form of pollution; it is also absolutely harmless to the human body and pets; perfect for the nursery or bedroom Easy to use and clean: Simply place the electric mosquito killer in a dry place and plug it in. Dead insects are collected in the bottom tray, which can be easily removed for disposal and cleaning. Easy to clean with the small brush provided. Safe and durable - our electric mosquito killer is made of highly resistant ABS plastic; it has been designed to avoid any contact with metal grilles; the 4 1W LED lamps have a lifespan of 8,000 hours and cannot be replaced Quality and service: Velamp is an Italian company that has been operating on the Italian market since 1906; we are here
