TECHNICAL DATA

Power supply	220V AC
Power supply provided	YES
Type of power supply provided	POWER CABLE
Lighting source	UV FLUO
Electricity consumption (W)	19
Lamp included	(INCLUDED)
Power cord length (cm)	130
Switch	NO
Plug	Type C/EF - 2 pin (Europlug/FR-DE Hybrid)
Grid tension	2700V/3000V
Protected area (m ²)	80
IP Protection	IP44
Insulation class	II
Country of origin	CHINA
Material	PLASTIC - ABS
Warranty	2 YEARS
Width (mm)	155
Depth (mm)	155
Height (mm)	305
Net weight (Kg)	0.966

DESCRIPTION

For outdoors: IPX4 certified, the RATTAN electric mosquito net can be used in semi-enclosed spaces (balcony/veranda/loggia) or open spaces (gazebo, terrace, garden) only if the device is not directly exposed to the elements (sun, rain, humidity, wind, etc.). Although IPX4 certified, the product must be protected from direct exposure to the elements. Super Effective: Our electric mosquito killer is designed with a high-intensity ultraviolet bulb that attracts all pesky flying insects into the device; it kills them instantly when they come into contact with the powerful, high-voltage metal grids; effective for an area up to 80 square meters. No chemicals or odors; our electric mosquito killer uses no chemicals whatsoever; it also produces no smoke, no odor, no spray; it is completely free of toxic substances and produces no pollution whatsoever; it is also completely harmless to humans and pets; also perfect for shops, rooms, etc. Easy to use and clean; our electric mosquito killer is easy to use: just plug it in. Dead insects are collected in the tray at the bottom, which can be easily removed for disposal and cleaning. Easy to clean with the small brush provided. It can be hung or placed on a table. Safe and durable - Our electric mosquito killer is made of ultra-resistant aluminum and ABS plastic; it is designed to avoid any contact with metal grates; the energy-saving UV lamp is highly efficient and can be replaced if necessary.
