TECHNICAL DATA

Name	WALL-E
Power supply	220V AC
Power supply provided	YES
Type of power supply provided	POWER CABLE
Power cord length (cm)	150
Switch	YES
Functions	LOW / HIGH - TIMER - OSCILLATION
Plug	Type E / F - 2 pin (EU Hybrid)
Power adjustment (W)	450/900W
Timer	YES
Tilting head	YES
Automatic grid rotation	YES
IP Protection	IP20
Insulation class	I
Color	WHITE
Material	PLASTIC - OTHER
Warranty	2 YEARS

DESCRIPTION

Low-consumption, high-efficiency electric heater. Lower consumption than standard fan heaters: 450W at minimum power, 900W at maximum power. Power supply: 220-240V - 50Hz, with power cord and plug. Carbon stove with two selectable power levels (450/900W), providing long-lasting, even heat. The parabolic reflector multiplies the stove's heating power, providing immediate, constant, and even heat. Plus, it's incredibly quiet! Tilting and automatic oscillating electric stove, equipped with a carrying handle, a timer up to 60 minutes and anti-tip protection. Intuitive control panel with multiple temperature settings and programmable timer. Suitable for small spaces such as bedrooms, kitchens, offices, studies... IP20: not suitable for bathrooms.
