

PACKING	INNER	MASTER
/	pcs	pcs
Colour box	4	36

TECHNICAL DATA

Name	MAYA
Power supply	SOLAR
Power supply provided	YES
Type of power supply provided	SOLAR PANEL
Battery type	18650
Stack technology	LITHIUM-ION
Rated voltage (V)	3,7
Battery capacity (mAh)	2000
Batteries provided	(INCLUDED)
Power battery (Wh)	7.4
Battery class	9
Battery/battery weight (kg)	0.048
Charging time (h)	8
Maximum autonomy (h)	8
LED quantity	16
Lighting source	2835 SMD LED
Lighting power (W)	8
Lumen	1000
Light colour	4000K
Light beam	DIFFUSE
LED lifespan (hours)	25.000
Beam angle (°)	120°
Detector operation time	18 SECONDS
Installation height (m)	<3M
Switch	YES
Tilting head	YES
IP Protection	IP54
Insulation class	III
Dimmability	NOT DIMMABLE
Color	BLACK
Country of origin	CHINA
Material	ABS + PC
Standards	UN3481
Warranty	2 YEARS
Width (mm)	135
Depth (mm)	100
Height (mm)	30
Net weight (Kg)	0.280

DESCRIPTION

Ultra-bright: The 8W solar spotlight is equipped with 16 SMD LEDs that provide super-powerful 1000 lumens of illumination. The solar panel is integrated into the spotlight: compact and easy to install, it's completely wireless. It can be placed on a table, carried, or, of course, wall-mounted using standard wall plugs. The high-capacity 2000mAh lithium battery ensures long battery life, even on sunless days. Smart Charging Technology: The built-in solar panel converts sunlight into electricity with high efficiency (1.2W monocrystalline). The latest-generation charging system allows the solar panel to charge even on cloudy or rainy days. Lighting guaranteed 365 days a year. Easy to use: The spotlight charges during the day and turns on automatically at night. 3 operating modes: with motion detector, motion detector with courtesy light, or always on. Versatile outdoor light: The spotlight is designed for outdoor use. It is therefore waterproof (IP54 certified), UV-resistant, and weatherproof (super-resistant polycarbonate). The spotlight withstands extreme weather conditions, such as lightning, rain, and snow. Perfect for gardens, patios, yards, garages, driveways, parking lots, and businesses. The light is natural white (4000K): not too warm, not too cold. Easy to install: This outdoor solar light is easy to install. No need to run a power cable, dig trenches, or anything else... it's completely wireless. And it's also a great savings: 0 euros on your bill! It can be wall-mounted: the recommended installation height is about 2-4 meters. It's a sturdy product with a modern design.
