## TECHNICAL DATA

Name	CUBE XS
Power supply	SOLAR
Type of power supply provided	SOLAR PANEL
Battery type	18650
Stack technology	LITHIUM-ION
Rated voltage (V)	3,7
Battery capacity (mAh)	3600
Batteries provided	(INCLUDED)
Power battery (Wh)	13.32
Battery class	9
Battery/battery weight (kg)	0.090
Charging time (h)	8
Maximum autonomy (h)	48
Lighting source	SMD LED
Lighting power (W)	10
Lumen	1500
Light colour	4000K
Scope (m)	6
Light beam	DIFFUSE
Beam angle (°)	120°
Detection angle (°)	120°
Detector operation time	60 SECONDS
Cable length (meters)	5
IP Protection	IP65
Country of origin	CHINA
Material	PLASTIC - PC
Standards	UN3481
Warranty	2 YEARS
Width (mm)	153
Depth (mm)	147
Height (mm)	31
Net weight (Kg)	1.000

## DESCRIPTION

Extremely bright: Thanks to the use of latest-generation SMD LEDs, the CUBE solar lamp reaches 1500 lumens. It is a perfect security light for illuminating a passageway, an entrance, etc. 2 operating modes: 1) Constant light mode: the lamp turns on automatically at night (you can adjust the time and brightness) 2) Motion sensor mode: the lamp turns on automatically at night. It turns on at maximum brightness when motion is detected, then switches to a lower brightness after 60 seconds without movement. Energy-saving: The solar lamp with motion detector is charged by a solar panel that receives sunlight... all without an electric bill. The solar panel and the projector are separate and connected by a 5-meter cable: this allows you to place the panel where it will receive the most sunlight, and the spotlight under the roof, on the wall, indoors... wherever you like. Easy installation: simply attach the spotlight to the wall (adjustable bracket) and connect it to the solar panel using the waterproof connector. Installation is complete! Waterproof and Durable: With IP65 (water resistant) certification, this solar light is suitable for any weather environment. Its extremely sturdy polycarbonate body and 12.5W solar panel are made of highly durable plastic. The included replaceable battery (Li-Ion 3.7V 3600mAh 32700) provides up to 60 hours of light. Functional 4000K light: not too cold, not too warm. Non-glare opalized diffuser. Comes with a remote control to program the lamp.

## LOGISTICS DATA

Packing type	Colour Box
Packed product weight (kg)	1.120
Quantity in inner	4
ITF INNER	18003910112534
Quantity in master	12
