DESCRIPTION

12/24V Strobe Light: The LED flasher emits a strong 360-degree light, with 2 different flashing modes and 45 high-intensity LEDs. It is E-Mark approved and has passed ECE R10 / ECE R65 regulations. Product compliance and quality are guaranteed. High Quality: The base is made of durable ABS material with a clear and bright polycarbonate diffuser. The high-intensity LEDs ensure a lifespan of up to 30,000 hours. Safe to Use: IP65 waterproof rating makes it ideal for foggy, rainy, or snowy conditions, perfect for emergency situations. The LED strobe light ensures better visibility in all weather conditions, making it suitable for emergencies. Easy to Install: The LED warning light can be quickly attached to agricultural/technical vehicles such as forklifts, construction vehicles, tractors, agricultural machinery, etc. Simple installation on the roof via 3 screws and connection via 2 pre-installed cables. Modern design with high-performance light diffusion.
