DESCRIPTION

CONVENIENT: Josephine is a portable and rechargeable LED table lamp. You can install it wherever you want! Its painted metal frame makes it sturdy and stable. IP54: it is water resistant, so you can use it both indoors and outdoors. **BRIGHT:** Josephine is very bright. It offers a warm white light of 3000K: creating a warm atmosphere in any room. Ideal for romantic dinners or dinners with friends! You can adjust the brightness using the touch sensor located above the lamp: you can therefore adapt the power with a simple touch, up to 190 lumens. The lampshade ensures perfect diffusion of light on the table. **FUN:** Josephine offers RGB color changing in addition to white light. You can create evocative atmospheres or amaze your friends by choosing red, blue, green, or yellow light.... It changes color with a simple touch! **USE IT EVERYWHERE:** With an IP54 rating, the Josephine table lamp is resistant to rain and bad weather. Its painted metal frame makes it lightweight yet windproof, so it won't fall over! Finally, its classic yet refined design means it's perfect for use in gardens, terraces, living rooms, hotels, restaurants, entrance halls, balconies, or even bedrooms to read your favorite book. **AUTONOMOUS:** Josephine charges in 6-7 hours and will provide you with light for 15 hours (low power). It is in fact equipped with a rechargeable Li-Ion 3.7V 4000 mAh battery. It can be recharged via the USB-C cable (included) and a standard AC/DC adapter (such as the one for your cell phone, not included).
